

Key Investor Information – BKB Anlagelösung Nachhaltig Einkommen

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

BKB Anlagelösung – Nachhaltig Einkommen (CHF), a subfund of the Umbrella Fonds BKB Anlagelösung, unit class B (ISIN: CH0369658460)

This subfund is managed by UBS Fund Management (Switzerland) AG, a wholly owned subsidiary of UBS Group AG. Asset manager: Asset Management Basler Kantonalbank

Objectives and Investment Policy

The aim of this fund is to earn a regular income from interest and dividend earnings, supplemented by potential capital gains, in order to preserve its assets in real terms in the long run. The sustainable investment management solution will include traditional financial figures as well as environmental and social criteria in the investment decision.

- The fund management company invests the fund's assets primarily in units of other collective investment schemes. The assets are invested mainly in investments that are denominated in Swiss francs.
- A minimum of 15 % and a maximum of 47 % is invested in collective investment schemes that invest their assets primarily in equity securities and rights of companies.
- A minimum of 53 % and a maximum of 85 % is invested in collective investment schemes that invest their assets primarily in bonds and other debt securities and rights from private and public debtors worldwide.
- No benchmark is used. The fund manager makes decisions at his own discretion but within the prescribed investment restrictions.

Investors may demand to redeem their units from the fund management company on trading days.

The fund's income is returned to the fund's assets for reinvestment every year.

Risk and reward profile

More information about this category

- The risk indicator provides an uncertain estimate of the fund's future performance. The method used for this estimate depends on the fund type.
- Past returns are not indicative of future performance.
- The risk category shown is not guaranteed and may vary over time.
- The lowest risk category does not mean "risk free".

Why is the fund in this category?

The fund is in risk category 3 because the volatility of its returns is low.

Further material risks:

- The fund may use derivatives which can reduce investor risks or give rise to market risks as well as potential loss due to failure of counterparty
- Every fund reveals specific risks, a detailed and comprehensive list of risk descriptions can be found in the prospectus.

Charges

Fees and other charges paid are used to finance the ongoing management and custody of the fund's assets, as well as the distribution of fund units. Any costs incurred will reduce the investor's potential returns.
